6 LETB Training Hours

This training opportunity was made possible through grant funds received from ICJI.

In our continuing effort to confront the scourge of illicit drug use in this state and country, we become immersed in today's gang activity and the violence associated with it. As we partner with the Indiana Department of Education, we are offering a series of one-day classes focusing on gangs, drugs, and gang violence. Gangs are everywhere, and in almost every community regardless of size. Schools become a prime target for recruitment, as well as breeding grounds for gang associations and splinter group formation. This class will focus on recognizing gang signs, activities, and how gangs perpetuate their life style.

Taught by Sgt. Ed Bruce of the IMPD Gang Unit, and Det. Steve Schafer of the IMPD Computer and Digital Forensics Unit; you will receive the latest information effecting this growing problem throughout our state.

Drugs, guns, bullying, and violence are all results of this growing problem.
