

# Vehicle Interdiction (Commercial)

Hosted by:  
**Northeast Counterdrug Training Center**  
Co-Sponsored with the Evansville Police Department

**24 LETB Hours**

This course provides students with the skills necessary to conduct successful commercial vehicle interdiction. It will equip students with the ability to make a rapid assessment on whether narcotics activity is taking place. This rapid assessment can be enhanced by becoming familiar with current criminal trends and understanding how to use this information to confirm or deny one's suspicion. The skills learned during this course are taught, not only through the classroom, but through hands-on training and searching of commercial motor vehicles. Students are taught how to locate hidden compartments and electronic traps on these vehicles, as well as learning the vehicle's natural voids.
